

# TOWER GRILL

*The most versatile flame grill on the market! The Tower Grill can be used in four different ways to cook a wide range of world cuisine. The uniquely designed dome evenly distributes heat, so romali rotis are cooked to perfection. Turn it upside down and it's an instant wok for Chinese cooking. Remove it completely and you have a two tier grill. It has added bonuses of being fuel efficient, easy to operate and compact enough to fit into tight spaces.*

## TECHNICAL DATA

### HEAT INPUT

#### Standard

High Setting 26.5kw / 86,000 Btu

Low Setting 10.4kw / 33,000 Btu

Gas Supply Pressure 20mbar / 7 inch

Gas rate 2.75m<sup>3</sup> / hr

Gas Inlet 1/2" BSP
